

### **Investment Focus**

Eureka leads buyouts that bring significant ownership to the operators driving the success of the business. With this core principle that aligns the interests of our operators and our investors, Eureka is also experienced and comfortable effecting minority recapitalizations designed to uniquely meet the needs of the company, its management team and other shareholders. Investments within our target industry sectors that fit our mandate include:

- Change-of-control acquisitions to effect management buyouts of interests from inactive or outside shareholders
- Sponsorship of management teams with demonstrated success in one of our industry verticals to identify and acquire a platform with untapped market potential or operational or structural challenges
- Corporate divestitures and carve-outs of non-core businesses or divisions
- Control or non-control investments to facilitate succession planning within family or founderowned businesses
- Minority-interest equity investments as a capital partner for acquisitions, expansion or to provide liquidity to diversify a founder's interests

#### **Company Size**

Growth-oriented and/or niche market-leading companies with up to \$100 million in revenue

#### **Investment Size**

Initial investments of \$5 million to \$25 million. Significant additional equity is available from co-investments by our Limited Partners

#### **Core Target Industries**

- Business Services
- Healthcare Services
- Consumer
- Specialty Manufacturing

#### **Key Characteristics**

Strong management partners interested in meaningful ownership

Leading and defensible position within niche market served

Identifiable growth vectors through organic initiatives or acquisition

## **Selected Current Investments**
